

Oliver,

On behalf of the West Coast Futbol Club Board of Directors, the players, the parents and all of the coaching staff, we wanted to congratulate you on this prestigious and well deserved honor. This past years success was a culmination of many years of your hard work both on and off the field. As the Director of the WCFC Boys program as well as Head Coach for the Boys U14 team, the success enjoyed by the club this past year was unprecedented in our history and has raised the bar very high for all involved.

The year 2009 was filled with numerous Tournament Championships, League Championships, State Cup successes, National Cup Winners, USYS National Championship Series Far West Regionals Champions and WCFC's first USYS National Championship Series National Championship. Your leadership as the Boys Director and your leadership as the Head Coach of the Boys U14 National Championship team were instrumental in this success.

West Coast Futbol Club boys U14 success story is one of belief and perseverance. With only 14 rostered players this group of young men set out with a goal to become National Champions. With the core of players having been with the club since U9, your guidance and development both on and off the field prepared them for their ultimate success. Through National Cup and on to the Regional Championships the team competed in many games with 11 or 12 players. With one player's nose broken, and another breaking a wrist the squad was down to bear bones but did not quit. The belief instilled in this group was a tribute to your belief that this group of boys was a special one and through hard work and with a united commitment they could achieve their ultimate goal.

Through 5 tough games in National Cup, and 5 more tough wins at Regionals, the goal of reaching the USYS National Championships was achieved. The USYS National Championship in Massachusetts was again to be contested with only 13 players and after 3 tough pool games and the Final, West Coast Futbol Clubs first USYS National Championship was realized.

Although the success on the field was a fantastic conclusion to a dream season, the life lessons you taught this group of boys as well as the boys program will ultimately have a larger impact on all of their lives. Through your training, your mentoring and your leadership, they have learned the value of their commitment to a common cause. Through your tireless calling to raising funds and awareness to childhood illnesses and cancer you have taught us all that there are more important causes then the game we are all so very fortunate to be involved with. You lead by your example and your attention to the program and this team through their preparation and conviction to their ultimate cause is a success story to be emulated.

In closing, we want to congratulate you Oliver and thank Cal South for recognizing your accomplishments this year both on and off the field.

Sincerely,  
The West Coast Futbol Club Board of Directors
